

**RESOLUTION CALLING FOR THE HOUSE REPUBLICAN CONFERENCE
TO IMMEDIATELY VOTE TO EXPEL LIZ CHENEY AND ADAM KINZINGER**

WHEREAS, the primary mission of the Republican Party is to elect Republicans who support the U.S. Constitution and share our values; and

WHEREAS, the Biden Administration and Democrats in Congress have embarked on a systematic effort to replace liberty with socialism; eliminate border security in favor of lawless, open borders; create record inflation designed to steal the American dream from our children and grandchildren; neuter our national defense and a peace through strength foreign policy; replace President Trump’s “Operation Warp Speed” with incompetence and illegal mandates; and destroy America’s economy with the Green New Deal; and

WHEREAS, winning back the majority in the U.S. House in 2022 must be the primary goal of the House Republican Conference (“Conference”) and requires all House Republicans working together to accomplish the same; and

WHEREAS, the Conference must design the strategy to stop the radical Biden agenda and retire Nancy Pelosi, tasks which require that all Republicans pull in the same direction; and

WHEREAS, the Conference must not be sabotaged by Rep. Liz Cheney and Rep. Adam Kinzinger who have demonstrated, with actions and words, that they support Democrat efforts to destroy President Trump more than they support winning back a Republican majority in 2023; and

WHEREAS, Rep. Cheney and Rep. Kinzinger have engaged in egregious actions in their positions as members of the January 6th Select Committee in the U.S. House, including: 1.) pursuing what amounts to a third political impeachment of President Trump; 2.) abusing power by championing an illegitimate committee with no minority rights or checks and balances; 3.) compelling congressional depositions without minority members, counsel or staff present, constituting more of an inquisition than a serious legislative proceeding; 4.) deliberately seeking to undermine the privacy and due process rights of private citizens by issuing invalid subpoenas and employing other tactics designed solely to harass those who worked for or supported President Trump; 5.) abusing their official positions to indulge their personal hatred of President Trump at the expense of precedent and rules of the U.S. House; 6.) serving as pawns to parrot Democrat talking points aimed at advancing the Democrat agenda under the false cloak of “bipartisanship”; 7.) demonstrating they are no longer good faith members of the Republican Conference and cannot be trusted with information that can be leaked to Democrats to undermine Republican objectives and candidates; and

WHEREAS, The House Republican Conference bears ultimate responsibility for its own success or failure, and must demonstrate leadership by ridding the Conference of those who are deliberately jeopardizing a victory in November on which the future of our constitutional republic depends at this critical moment in history; and

THEREFORE BE IT RESOLVED that the Republican National Committee (RNC) calls on the House Republican Conference to hold a vote to expel Rep. Liz Cheney of Wyoming and Rep. Adam Kinzinger of Illinois from the Conference without delay.
